Subject: FINAL SUBMISSION - ROSINS AND ROSIN SALTS - PINECHEMICALS
ASSOCIATION - CONSORTIUM REGISTRATION NO

Attached is the Final Submission for Rosins and Rosin Salts including all robust summaries of data. Based on discussions with Richard Hefter, it is our understanding that this document will be posted on the HPV website identified as "Final Submission" and not as a revised test plan. With this final submission, Pine Chemicals Association believes that this brings to a conclusion our commitment to the HPV Challenge Program on these six substances.
